JACKS

Please, HAMLET, I'd rather do it myself.

So, take it anyway.

Ronnie Murawski is the most ferocious dragon.

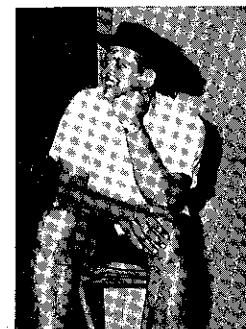

Tom "Alley Opp" Warren is afraid of ferocious dragon.

Stagehand Joe Maltzberger balances on his feat.

Pilgrims really progress in FOOTLIGHTS. The show was directed by Sydney Thomas under the faculty sponsorship of Mr. Richard Taylor.

Departmental Awards Given on Basis of Grades

Student body president Tom Warren honors Dean Gibbins with two science books for reference during his two-year stay in Africa.

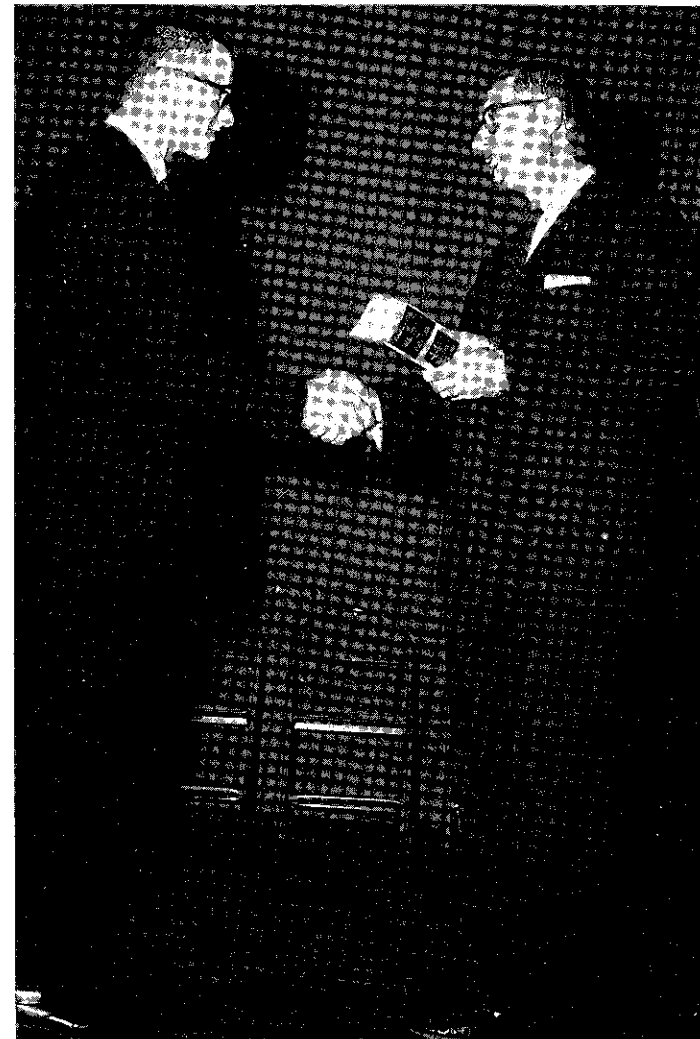

Dean Gibbins congratulates the two highest-ranking students of the graduating sophomores, KAREN REAM and TOM WARREN.

PAULA EVANS receives the NEWS-PRESS AND GAZETTE ENGLISH AWARD from publisher, Mr. David Bradley. This is the first year the one-hundred-dollar award has been given. It is presented to the highest ranking student in the English department.

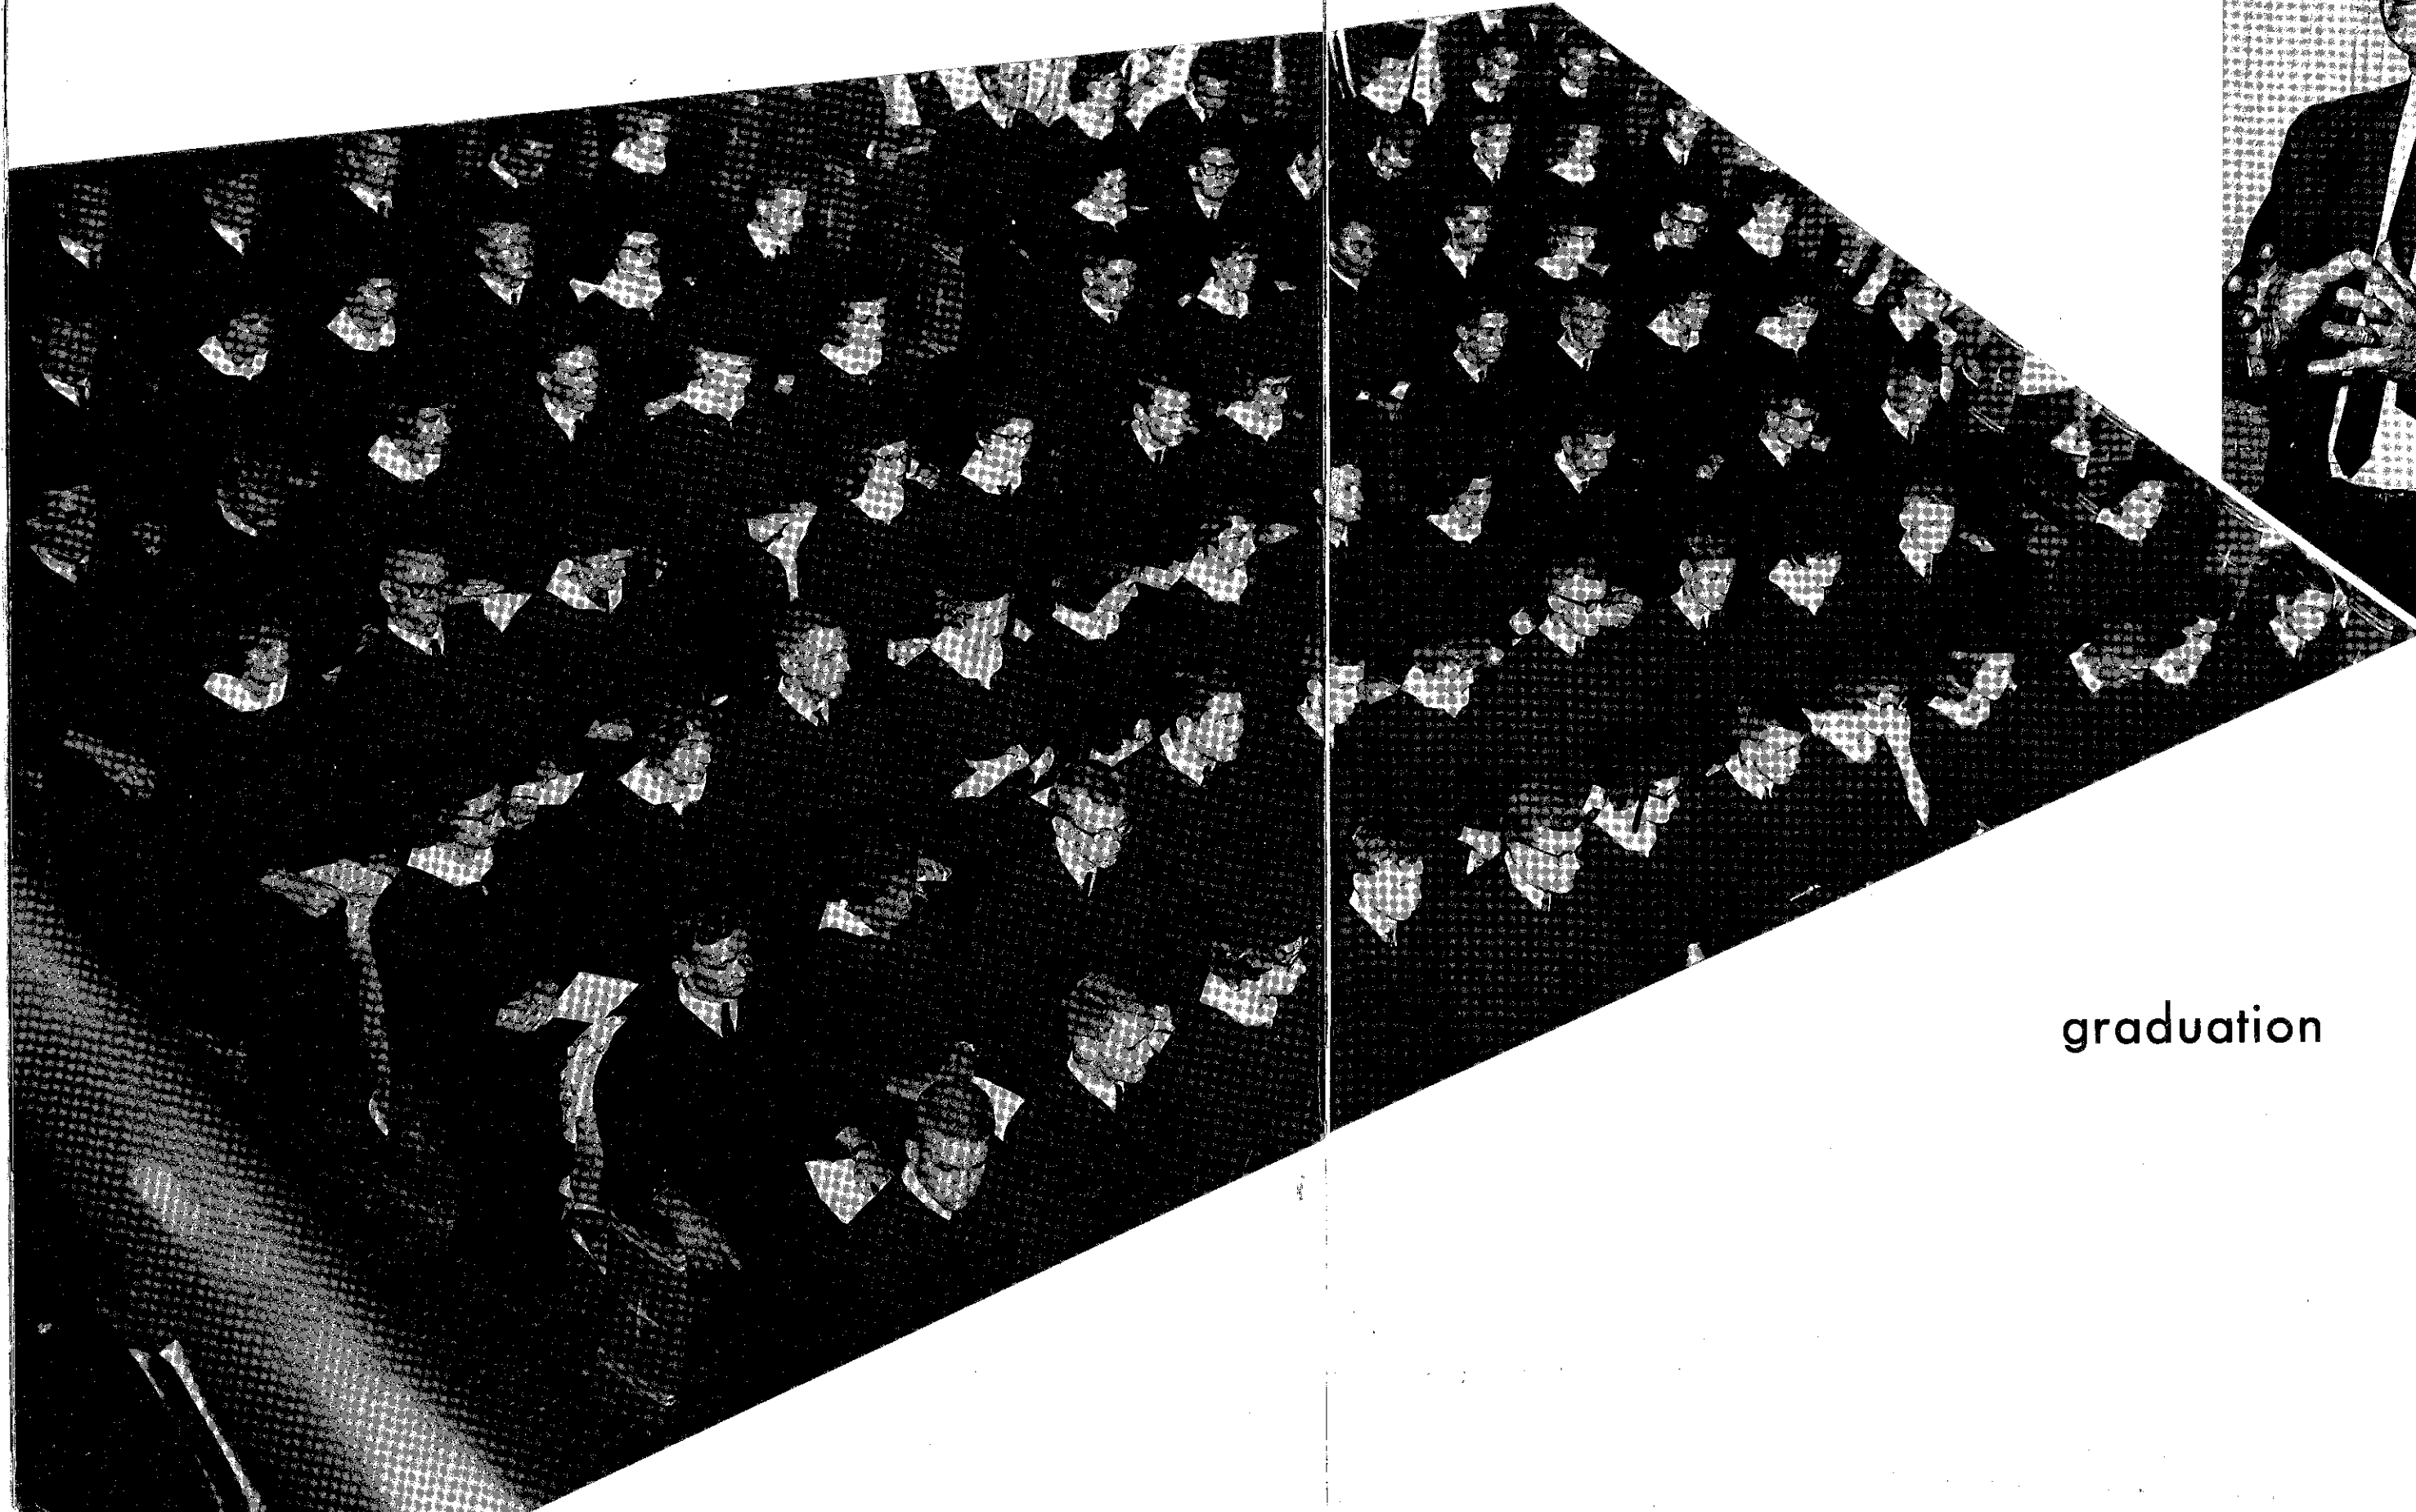

Mrs. Reimer presents the Bray Fine Art's scholarships to Carla Schroeder and Bill Anderson. Bill was named 1963-64 GRIFFON editor.

Mr. Evan Agenstein awards Bill DeVore with the HANDBOOK OF CHEMISTRY AND PHYSICS. Bill was top student in the physical science department.

Social science instructor Mr. Frank Popplewell presents a LETTER OF RECOGNITION to LEE TOWNSEND for receiving the highest grades in that department. The highest rank in each department is determined by the number of courses taken and the grades received.

 J.C. Junior College Certificate

Finals Begin!

Today at St. Joseph Junior College the final exams of the semester begin. These tests will be held in all classes to determine the attention and retention of students enrolled in the various subjects. Final exams have become a tradition instigated by the faculty the first year Junior College was established. They proved to be such a valid evaluation of class work that they have remained an integral part of the curriculum.

As suggested by their name, final exams are the termination of a semester's work. They are the students' final chance to "make the grade." Faculty comments on these tests have been or will be made in class. Student remarks have been censored.

Final Examination Schedule

Tuesday, May 28—

All classes for two hours credit will hold examinations during the hour they regularly meet. Three and five-hour classes which regular-

ly meet on this day will be in session.

Wednesday, May 29—

8:00 a.m.-10:00 a.m. First period classes, except those for two hours credit.

10:00 a.m.-12:30 a.m. Second period classes, except those for two hours credit.

Friday, May 31—

8:00 a.m.-10:00 a.m. Third period classes, except those for two hours credit.

10:30 a.m.-12:30 p.m. Fourth period classes, except those for two hours credit.

Monday, June 3—

8:00 a.m.-10:00 a.m. Fifth period classes, except those for two hours credit.

10:30 a.m.-12:00 p.m. Sixth period classes, except those for two hours credit.

New Officers Installed

A convocation was held at Junior College Tuesday, May 14. The purpose of the program was to install the newly elected student body officers, the members of the student union board of control, and to introduce President Clark's cabinet.

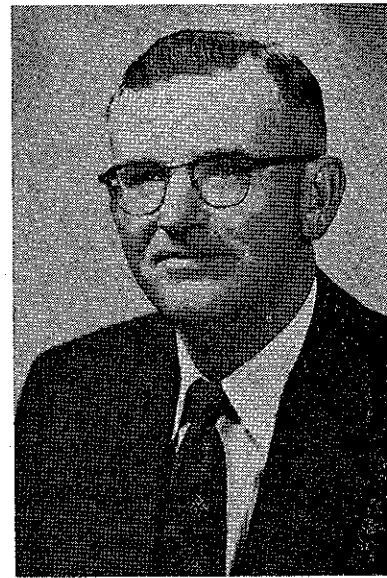

Dean Gibbins made a short speech that included thanking the outgoing officers, Tom Warren, Mike Hutchison, Eileen Luboski, and Sandra Herbison for a job well done, and to inform the new officers, Larry Clark, Sam Wood, Becky Miller and Sarah Harvey that their job would not be an easy one. However, with the student body's cooperation the task would be a pleasant one.

Peter Culver, second-semester president of the Student Union Board of Control, introduced the new board's president, Steve Petrovick and the members, Judy Olson and Connie McCoy. Two more will be elected from the freshman class that enters in September. The members that were on the board this year were Eddie Powell, Mike Carmen, Nina Cavey, and Pete Culver.

On Wednesday, May 15, a dinner was held at the Shangri-La for the

DEAN MARION GIBBINS

MR. EDGAR C. LITTLE

Gibbins Leaves; Little Takes Over

When the graduating sophomores leave the commencement program, they will end a two year stay at Junior College. When Dean Marion Gibbins leaves the same program, he will end a five year stay at the same college. The sophomores will be journeying on to more education or new occupations; Dean Gibbins will be journeying to Africa.

Mr. Edgar Little will take over as Dean of Junior College when school resumes next fall. He will be teaching quantitative analysis during the fall semester in addition to serving as dean.

The new dean has been an instructor at JC since the 1940's. He received his Bachelor's degree from Cotner College, his Master's degree from the University of Iowa, and did graduate studies at the Universities of Nebraska and Colorado.

Commencement Speech By Dr. Curtis Wilson

Dr. Curtis L. Wilson, Dean of the faculty of the Missouri School of Mines and Metallurgy, will be the speaker at commencement exercises on June 8 in the Junior College auditorium. His address is entitled "The Strength of a Nation."

Dr. Wilson was graduated from the Montana School of Mines and pursued graduate studies at Colum-

Prowl Day Set For June 4

The student Senate has set June 4 for Prowl Day at Lake Contrary. Final exams will be concluded the day before.

Prowl Day is an annual event for JC students. Although the Senate has chosen Lake Contrary as the site and hopes that most students will meet there, groups are free to "prowl" wherever they wish.

he has since served as Dean of the Missouri School of Mines and Metallurgy.

Dean Wilson has received many professional and civic honors and has been widely recognized for his educational works. He is author of a number of published technical papers and co-author of the book, "The Metallurgy of Copper."

He recently received the 1963

Clark Picks Cabinet For New Term

President-elect Larry Clark has appointed his cabinet officers for '63-'64. Susan Schmidt, Eddie Miller, and Jerry Fankhauser are the appointees.

Cabinet members must be sophomores during the time they serve. They head committees and may debate in the Senate, but they are not allowed to vote.

The retiring cabinet consists of Gloria Jorden, Doug Stuber, and Lenny Anderson.

Breakfast and Baccalaureate Rites Sunday

A graduate breakfast for the faculty and graduates will be held Sunday morning in the Hotel Robidoux at 8:30. Baccalaureate services will be held that same morning at 11:00 in the Ashland Avenue

Griffe Goes Snoopin'

This is the last time I'll be snoppin' for a while. Sad— isn't it?

What are your summer plans? Ramon Chambers is going to Spain; Alexis Haynes plans to work at La Mode and water-ski in her spare time; Joanie Melvin and Larry Seckles are getting married (also Tom Warren and Linda Schaffer; Sharon Beatley and Dave Miller); I plan to sleep a lot.

Sydney, Gail and Tegwin are certainly relieved that "Footlights" is over. I'm sorry to say everybody gave them a hard time. I'd like to congratulate these three girls. They deserve a lot of credit for getting together such a fine production.

Sigma Tau Delta had a reception for their parents and teachers, May 12, and initiations of new members at a barbecue, May 18. The initiates were: Jim Morgan, Roger Lott, Eddie Miller, Jack Murdock, and Mike Sturgeon.

How's yer zygote, Rotts?

I walked by the zoology lab the other day and was almost annihilated by the odor of formaldehyde. I inquired what was going on and was politely informed that the students were dissecting unborn pigs. Yecch!

The Spring Formal on May 3 was an enjoyable dance, but I never saw such a stampede. Tom Warren got on the stage and announced that he would give out little presents to the ladies. In the wild rush that followed, three "ladies" were trampled and one "lady" spilled her soda-pop down another's back.

Sarah Harvey and Bob Neese never argue . . . they "discuss."

JC's Spanish students had a picnic, Spanish-style, on May 19. They even learned the Bossa Nova. Ole!

Did you all see Bing Turner's adorable picture in the 1963 Griffon?

Finals are coming up. Have you started studying?

This has been one of JC's best years. I hope there are many more to come. And so, dearhearts, a fond farewell to you all.

Griffe.

Senate Officers Say 'Thanks'

Tommie Warren: As your ex-president, I wish to thank you for making our year a success. You, the student body, have made my job easier by your fine co-operation and support. I appreciate your effort and the opportunity you gave me.

Saundra Herbison: I can't begin to tell everyone how much I've enjoyed serving Junior College as treasurer of the student body. It's been a valuable experience for me, a lot of fun, and some hard work too. It's been wonderful working with the other officers and the Senate and getting to know them as a great bunch of kids. I'll never forget JC, the people I've known here, and the many good times I've had. I'd like to thank you all for having bestowed upon me the honor and privilege of holding a position in your student government. I wish for JC the best always.

Eileen Luboski: It seems a pity to leave the office of secretary when I feel that I am just becoming a little competent. I wish I could take all the knowledge and experiences I have gained this year and offer them en masse to Becky. Instead she will have to take hold and run them down herself, for they are things one cannot give, but must be acquired.

I want to thank President Tom for all his confidence in me. I'm afraid that he made light of my mistakes and over-exaggerated my accomplishments.

My best wishes to next year's administration, too. They have a lot of fine work and fun ahead of them which will benefit them always.

(Editor's note: Mike Hutchison wanted to say thanks too, but he and the editor didn't get together in time to make the deadline.)

Sweetheart Couple Revealed at Dance

Joan Melvin and Larry Seckles were selected Sweetheart Couple of the annual spring formal in a general election prior to the dance. Their selection was kept secret and not announced until the intermission at the spring formal on May 3.

Spring Activities in Griffon Supplement

The supplement to the yearbook will be sent to students the last of July or the first of August.

Because of deadlines which had to be met in order to publish the Griffon by the middle of May, many spring activities were not represented in the hard cover edition. Footlights, Fine Arts Night, Honors Convocation, track and various other activities will be covered in the supplement.

When the Griffon was distributed to students, a label was filled out. The labels will insure the arrival of the supplement at the correct address. They are sent directly from the company.

The supplement will be of slick paper the same size as pages in the yearbook.

Jean Burrigh uses the library to prepare for finals.

'Til It Be Morrow

Somehow we've managed to put out the Griffon News the second semester without missing any deadlines and with enough copy to fill both the front and back pages. We heaved a sigh of relief when this final edition went to the printer for we know that we won't have to count headlines again until next September.

It's been frantic, and it's been fun. There's a special thrill in seeing the paper come out after trying to fit 5-inch stories into 3-

Psych Club Elects Mr. and Mrs.

The Psychology Club recently elected two of its officers for next year. Jim Nix was elected president and Frederica Nix was elected treasurer. The similarity in last names of the two officers results from the fact that they are husband and wife.

They are the parents of two children, Jamie and Sonya. Jim is employed with the police department and also teaches Judo.

The vice-president and secretary of the club will be elected next fall.

Picnic at Big Lake

Big Lake was the site of the Senate picnic on May 26. The picnic was held for old Senate members and the newly elected officers.

Senators and officers met at the shelter house for lunch at 1:00 p. m. and spent the rest of the day at the lake. The Senate provided hot dogs, buns, chili and potatoe chips. The girls brought side dishes.

Those serving on committees were Tommie Warren, Sam Wood, Freddie Bell, and Jerry Fankhouser.

Summer Plans Vary

Many of the Junior College instructors have made exciting plans for the summer. Miss Louise Lacy is going to a National Education Association Seminar with her sister Miss Sally Lacy. They will spend five weeks in Washington, D. C., getting a behind the scenes view of how our government is run. From there they will go to the Shakespeare Festival in Stratford, Connecticut.

Mr. Aasen is going to New Mexico for the summer. He will work with ceramics, etchings and woodcuts.

Miss Pheland is going to Washington, D. C., to train Naval Reserve officers. She expects to take several short trips in that area.

Mr. Popplewell, Miss Watkins, and Mr. Yancey plan to travel in the Western states.

Several of our instructors will be teachers in the summer sessions. They are Mr. Force, Mr. Yancey, Mr. Marion, Mr. Hullinger, and Mr. Taylor.

Besides teaching, Mr. Marion says he plans to spend the rest of his time keeping the weeds out of his garden. Mr. Hullinger says that it is too soon to plan the summer.

Carol Hines will work in the school district business office.

Carla Schroeder, Gail Turner, and Mrs. Elizabeth Dunham will attend summer school.

Judy Matthews will be a counselor at the Midwest Y-Teen Conference.

Mary Ferguson plans to get married.

Frances Marlon will work at the Belt Super Market and plans to vacation in California.

Marilynn Karol plans to work at a resort in Yellowstone Park.

Marthanne Graves will be employed at Sisters Hospital in St. Joseph.

Leonard Anderson will be a Boy Scout advisor at Camp Geiger.

Barbara Kackley plans to spend the next year working in Iran.

Saundra Herbison will go with her family on a camping trip through southern Missouri.

Delta Psi Initiates

Delta Psi Omega, national dramatics society, held its initiation May 21 at a picnic at the home of Lenny and Bill Anderson.

Those eligible for initiation were Bill Anderson, Christina Banks, Donna Jean Boyer, Linda Burnett, Doug Hamilton, Marilyn Karol, Joe Maltsberger, Joyce Merriott, Susan Schmidt, and Connie Shwalter.

Busy Year for Club

The Psychology Club was started many years ago by a now retired JC faculty member, Dr. Mary Robinson. The responsibility for the club this year was in the hands of Mrs. Heien Gettys, faculty sponsor, and Ira Collins, club president. Ira Collins is also the assistant director of recreation at the state hospital.

The club serves as a source of recreation for the mentally ill and a laboratory for psychology students. The club can also serve as a means of preventing non-integrative adjustments and help in the restoration to normal living for the hospital patients.

The program for this year consists of dances and social nights. Card games, bingo, table tennis and various other small games were played. The program was highlighted with guest singers, bands, Judo experts, and a ventriloquist.

Much credit is due to the fine

Art Class Draws Final

The students in drawing I and drawing II will have an unusual final exam. Rather than writing out a two-hour test, they will have an exhibit of the work they have done this semester.

Each class member will present six matted drawings in a one-man show during the two-hour allotted

Improved Counseling Planned

Mr. Richard Quinn will assume full time duties as counselor for JC students next year. He is presently working with the Calla E. Varner Foundation and Benton High School in addition to his work at Junior College.

tests to help them determine vocation preferences. There are catalogs and information for about 140 colleges and 300 occupation now on file in Mr. Quinn's office.

He will also co-ordinate school policies with those of other schools. And the job placement services started this year will be continued

Summer Plans Vary

New Grotto Board Invites Suggestions

Steve Petrovick, newly elected president of the Student Union Board, advises any Junior College students, who might have ideas for changes or improvements on the use of the Student Union Building, to contact him or either of the other two members, Judith Olsen or Connie McCoy.

The building is for the use of the JC student body for recreational, eating and studying purposes. It is of vital importance that the students themselves voice their opinion on the improvement of its operation.

Steve explained that someone had suggested the installation of a jukebox, but the matter is still pending. Several students have throughout the year been discussing the possible preparation and sale of hamburgers in the Grotto during the coming school year.

Remember?

Remember how funny the school looked at the first of the year after we had been used to lounging around lakes and going to drive-ins? Now it is almost as familiar to us as our homes. Funny how we dread to walk in those front doors (especially on test days) and yet now that we have to leave for three months, or permanently, we grow rather nostalgic about old JC.

Remember the Ice-Breaker when we were all still just getting acquainted with one another? Now the faces that were once so strange have become very dear. The friendships we make in college will probably be more lasting than many others.

Remember the day of Homecoming when we tried to keep the walk-out a secret? Ooo, that was a cold and wet day, but it didn't dampen our spirits any as we marched down to Civic Center and called for the mayor to give a speech.

Remember Christmas vacation? Or can we?

Remember mid-term exams when we sat around in the halls and worried rather than studied? Well, we must have studied a little more than we worried because we didn't do too bad.

Remember the plays and the convocations and the trips across the Bridge to Immaturity? Remember elections and quarrels and complaints about the teachers? Remember fraternities, dances and con-

Delta Psi Initiates

Prized Possessions Bequeathed

Sophomores Leave Legacy

I, **Connie Colboch**, leave my ability to remain a sophomore to my friend **Jerrian Thompson**.

We predict that Connie will be the first sophomore to enroll in St. Joe's four-year college.

I, **Sandra Herbison**, leave my treasurer's books to **Sarah Harvey** with the hope that they won't audit them before I leave.

We predict that Sandra will feel quite at home down in Leavenworth because Sarah Harvey will be her cell mate.

I, **Patricia Burke**, leave design supplies and the hope that people in art classes have more luck in cutting mats. To them I leave my worn out matting knife.

We predict that Patricia will become famous for the original mats she cuts with her worn out matting knife since the people in art refused to take it.

I, **Gail Turner**, leave.

We predict that since Gail is evidently taking everything with her, she must be intent on doing something great!

I, **Bob Freeman**, leave my good luck in the school library to anyone who wishes to be disturbed.

We predict Bob will take over Miss Clark's job.

I, **Tegwin Dyer**, leave my gold shoes to whoever walked out with them at the Spring Formal.

We predict Teg will be a top woman agent for the FBI. Disguised

Way Back In . . .

May, 1949. Sophomores of 1963 were about 5 years old, perhaps some of them were graduating from kindergarten, but JC was going strong. In the *Griffon News* The College Inn (one-half mile north of Y on highway 71) advertised "Dancing Every Night." Coca-Cola cost 5 cents.

Frowl day was set for May 11. Fashion notes said that gold kid was smart for shoes and "from rainwear to beachwear the newest thing this year is culottes." The yearbook cover was brown with white veins running through it. The art staff had selected a circus theme.

SOPHOMORE POLL

Mrs. Best Dancer.....	Ronnie Murawski
Miss Best Dancer.....	Gail Turner
Mr. Friendly.....	Tommie Warren
Miss Friendly.....	Pat Teegarden
Mr. Dependable.....	Lenny Anderson
Miss Dependable.....	Sandra Herbison
Mr. Best Dressed.....	Doug Stuber
Miss Best Dressed.....	Suzie Jackson, Connie McDonald
Mr. Talented.....	Lenny Anderson
Miss Talented.....	Gail Turner
Mr. Versatile.....	Lenny Anderson
Miss Versatile.....	Linda Calvert, Sydney Thomas
Mr. Popular.....	Tommie Warren
Miss Popular.....	Suzie Jackson
Mr. Sophisticated.....	Mike Hutchison, Ronnie Tietz
Miss Sophisticated.....	Mary Meier, Linda Hunter
Mr. Most Likely to Succeed.....	Bill Alson, Lenny Anderson
Miss Most Likely to Succeed.....	Paulette Snyder
Mr. Intelligent.....	Tommie Warren
Miss Intelligent.....	Karen Ream
Mr. Best Build.....	Eddie Powell
Miss Best Figure.....	Tegwin Dyer, Paulette Snyder

as a dancer, she will track down her gold shoes.

I, **Kay Gerber**, leave JC with a sad heart, in memory of my many happy hours here, especially at the bridge table. I think every freshman should take conservation, the most widely informative course offered here. Good luck, Mr. Yancey.

We predict that Kay will some day return to JC and assist Mr. Yancey in teaching a new course: The Conservation of Bridge.

I, **Freddy Bell**, leave.

We predict that Freddy will always be haunted by the thought

that, in his rush to leave JC, he forgot something.

I, **Sydney Thomas**, leave to some hapless freshman the headaches and sleepless nights associated with the directorship of "Footlights."

We predict Syd will be a lady director on Broadway (with mi-graines, eh, Syd?).

I, **Michael McDonald**, leave all my notes on games and diagrams of plays to help some intramural basketball team come in next to last.

We predict Mike will be the coach of the best basketball team in America.

I, **Tom Warren**, leave my elevator shoes and diet plan to **Larry Clark**.

We predict within ten years Tom will be 6-4 tall and very slender.

I, **Ronnie Murawski**, leave my name "Malcom T. Bonsbach, III" to **John Giltner**.

We predict Ronnie will give up and change his name to Bousbach. He might as well because hardly anyone calls him Murawski.

I, **Pat Teegarden**, leave to **Alexis Haynes** my president's gavel and title of "Neckerchief" with best wishes for a successful year.

We predict Pat will be a respected lady executive.

I, **Jack Carr**, leave my old English themes to **Gail Krumme**.

We predict that Jack will sue Gail when she publishes his themes under her name and becomes a millionaire.

I, **Larry Ward**, leave **Gary Walts** my seat on the bench next to Coach Alcorn. To **Jerry Fankhauser**, I leave a date with "Little Mo."

We predict Larry will be an international playboy.

I, **Lana Babcock**, leave all my old music theory papers to **Doug Hamilton**.

We predict Lana will be the author of a celebrated book on music theory.

Summertime

By Mike Gordon

"School's out, school's out, the teachers let the Griffons out." This cry will be quite popular around JC soon. With school about out, everyone is already planning their summer.

There will be a lot of changes made this summer. For example, instead of having to wait until Wednesday night, JC students can make the trip to Jack's every night. Also, instead of having a two-party system (Friday and Saturday) it can be a seven-party one. One of the most popular places for otherwise dull summer nights is the "passion pit" or drive-in.

For a little bit of alliteration, instead of the three r's of school, there are the three e's of summer: swimming, skiing, and surfing. Although it appears that summer is

 There will be a lot of changes made this summer. For example, instead of having to wait until Wednesday night, JC students can make the trip to Jack's every night. Also, instead of having a two-party system (Friday and Saturday) it can be a seven-party one. One of the most popular places for otherwise dull summer nights is the "passion pit" or drive-in.
 For a little bit of alliteration, instead of the three r's of school, there are the three e's of summer: swimming, skiing, and surfing. though it appears that summer is all roses and lollypops, this is not necessarily true. In order to return to school next year, many students will have to punch a time card all summer. But, all in all, it looks like a good summer is in store for everyone.

Gail Turner and Jerry Fankhouser leave JC.

"The Pleasures of the Senses Pass Quickly; Those of the Heart Become Sorrow;

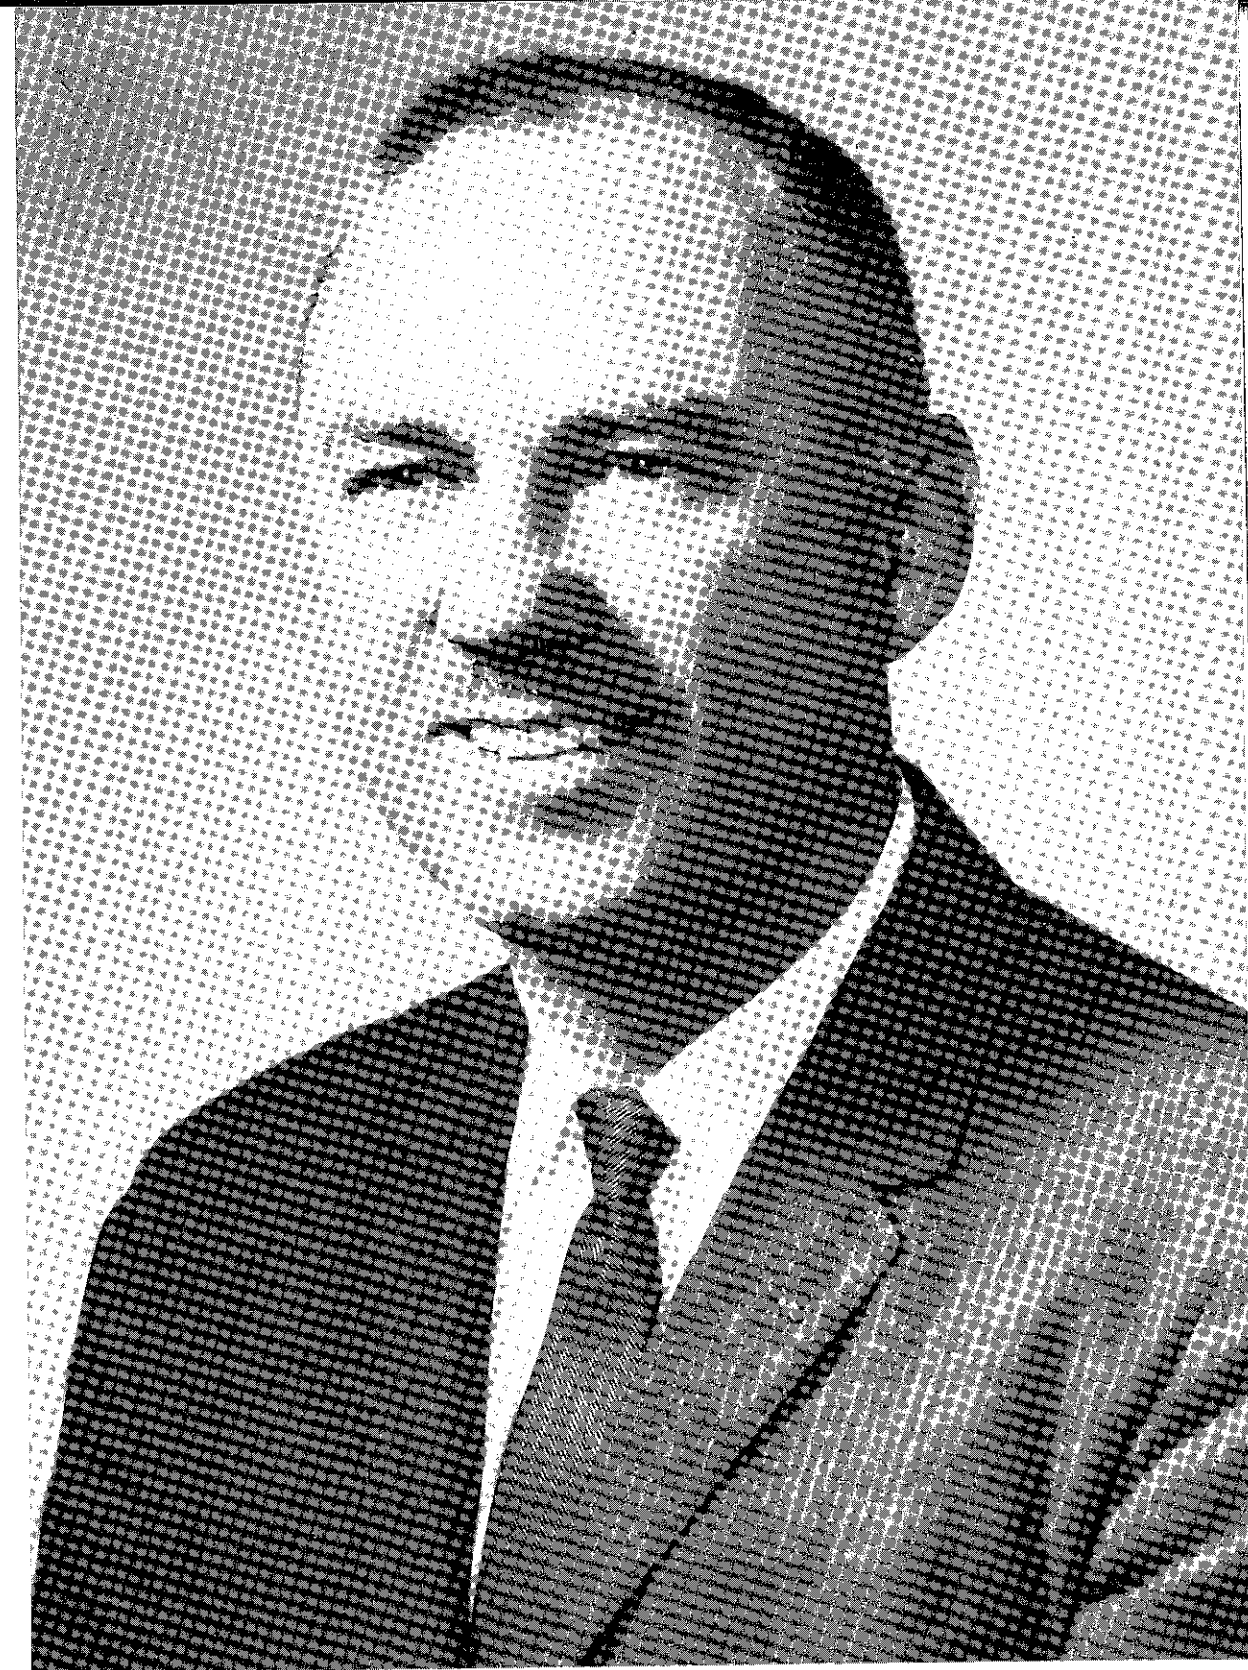

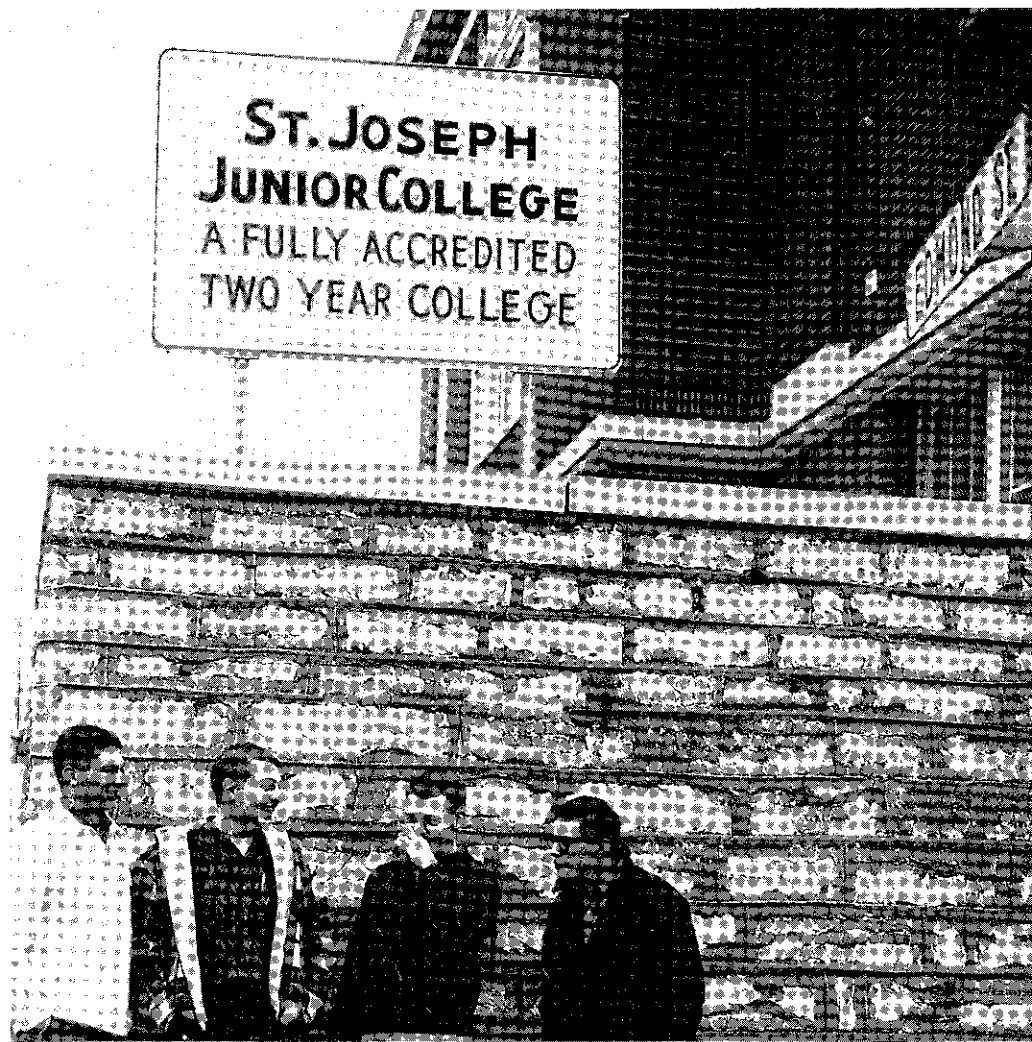

Those of the Mind Are With Us Even to the End of Our Journey."

"Virtue and learning, like gold, have their intrinsic value: but if they are not polished, they certainly lose a great deal of their luster; and even polished brass will pass upon more people than rough gold."-- Lord Chesterfield.

In mythology, the Griffon is represented with body and legs of a lion and head and wings of an eagle, signifying the union of strength and agility. It is also representative as an emblem of vigilance that guarded mines of gold and was, therefore, consecrated to the sun. Just as it was the coat-of-arms of the oldest royal families, it is also the coat-of-arms of the college. The mines of gold find a simile in the precious metal of knowledge. The Griffon, with "Vires in Concordia," strength in unity, guards the halls and the possessors of its metal.

Music expresses feeling: Martha Graves.

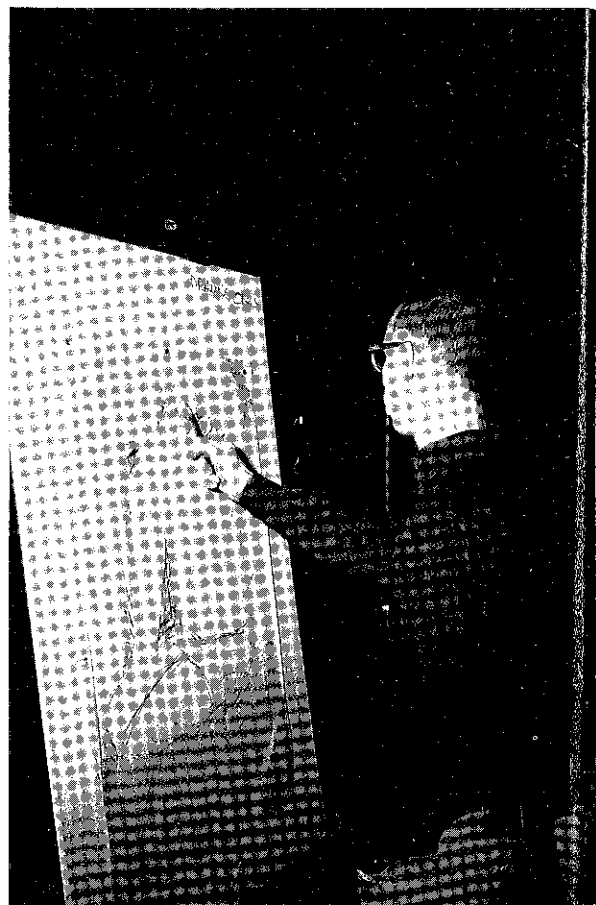

Modern art expresses man's emotion: Bob Nash.

Junior College Students Further Abstract Movement

"That which we feel here as beauty we shall one day know as truth."--Schiller.

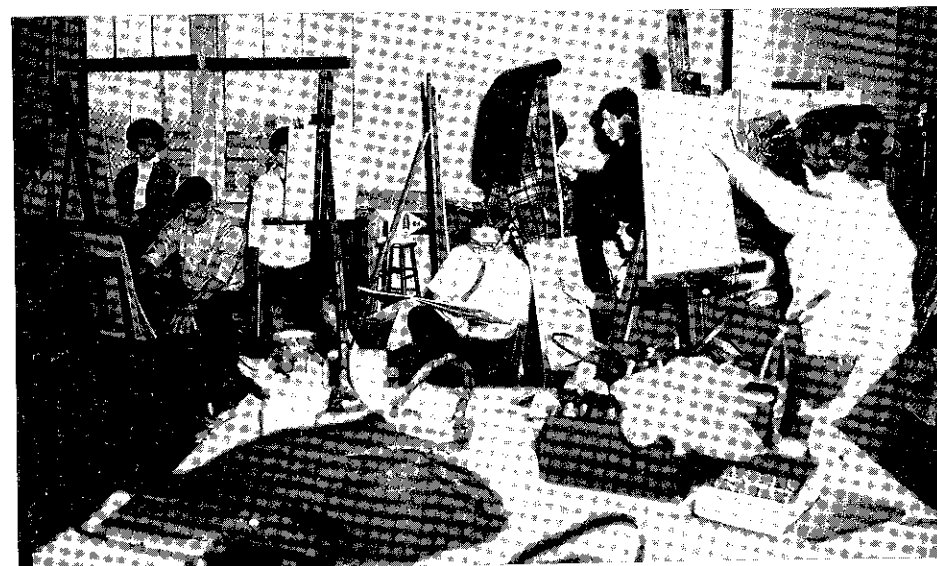

English-- Literature challenges both the teacher and the student to undertake adventures in search for the soul of truth. A prerequisite for maturity is the ability to write coherently, concisely, and correctly; to communicate effectively; and to read analytically. Further, the diffused cultures of the international world are dissected and studied in the foreign language lecture and lab rooms.

Foreign languages express man's knowledge: Everett Saverino.

"Truth is the highest summit of art and of life."--Amiel.

Fine Arts-- The Jr. College offers not only technical courses but also courses in appreciation of the fine arts. The tone poems of Rimsky Korsakoff and the abstracts of the moderns call forth the student's interpretative knowledge, enabling him to find a more complete education in beauty.

Social Sciences Span Erasmus Through Toynbee

National: Sociology.

International: International Relations.

Self: General Psychology.

"Obviously, no college wants to produce what Edward Chamberlain... called 'the well--rounded man with the short radius.'"

Math-- The mathematics department of J.C. grows increasingly meaningful each year. Courses include trigonometry, intermediate algebra, college algebra, analytical calculus and geometry. Thus, the department not only supplies the needs of the student but also provides academic acceleration.

"The universities which train men to use their minds without carefully establishing the connection of their thought with that of the past, are instruments of social destruction."--Woodrow Wilson.

Social Sciences -- Ethnocentrism and Freud are as essential in the social scientist's vocabulary as **angle** is in the mathematician's. Whether studying the economic importance of geographical conditions or the little known twelfth-century Renaissance of the "Dark Ages," the J.C. student becomes prepared for research with a mind freed from prejudice.

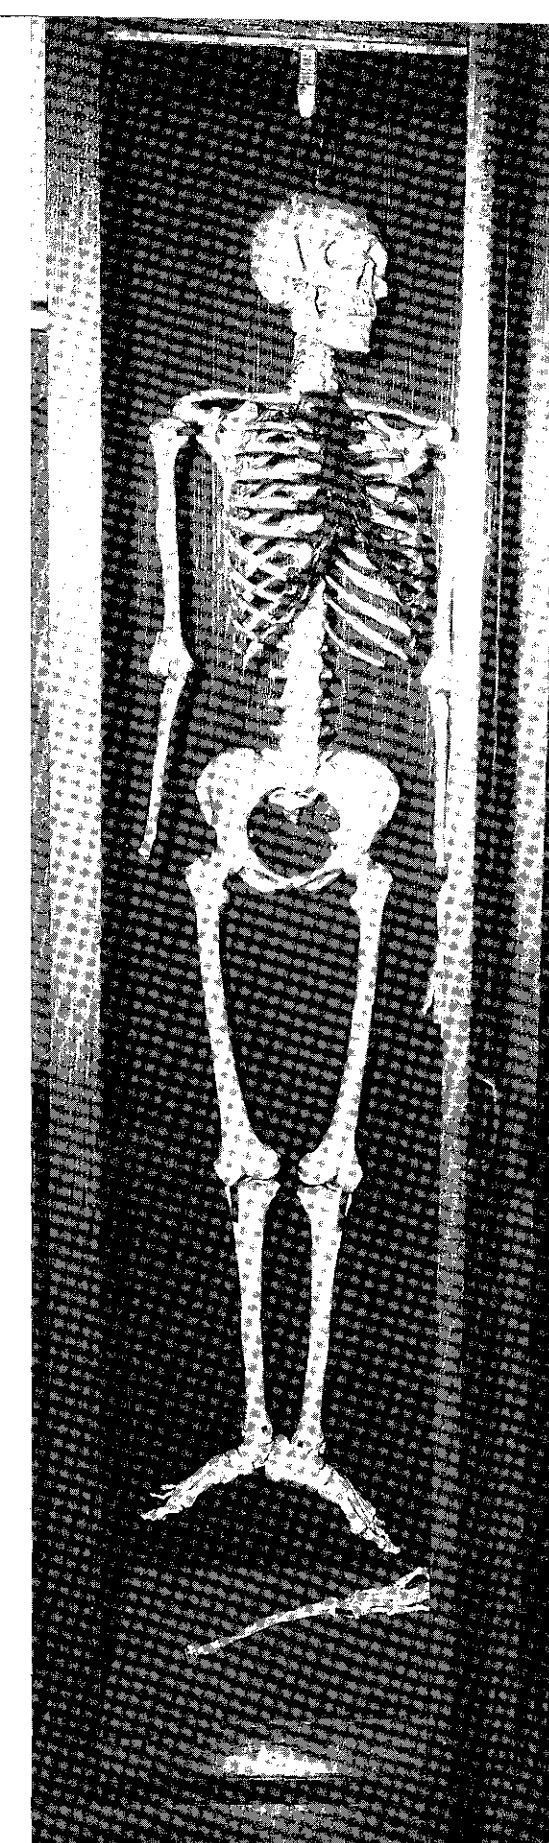

"Round About the Cauldron Go; In the Poisoned Entrails Throw."

"The passive mind is never the growing mind. Active participation is the only mental state in which learning takes place." F. J. Kelly, 1951.

Biological Sciences-- The physiological, botanical, zoological and conservation courses fascinate all J.C. students curious about the nature and inhabitants of their environment and the function of their bodies in relation to that environment. These lab courses are especially challenging as the first ring in the ladder the J.C. pre-med student must climb.

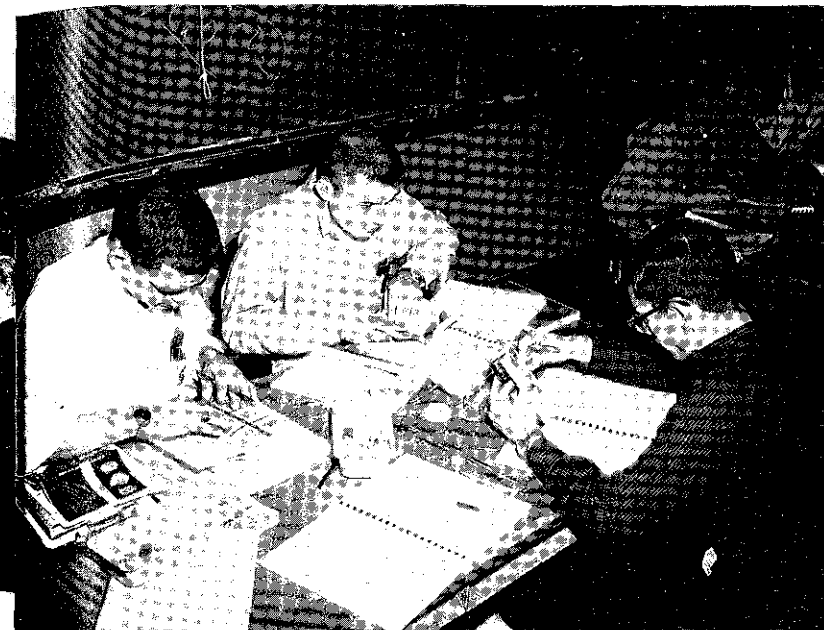

Capable usage of a T-Square includes drawings of 35, 45 and 90 degree angles for engineering students.

Conservation is of special value to students majoring in agriculture and its related fields.

With aid of reference books, geology students David Bauman, Norman Oehrle, Bob Hager spend their two-hour lab identifying rocks and minerals.

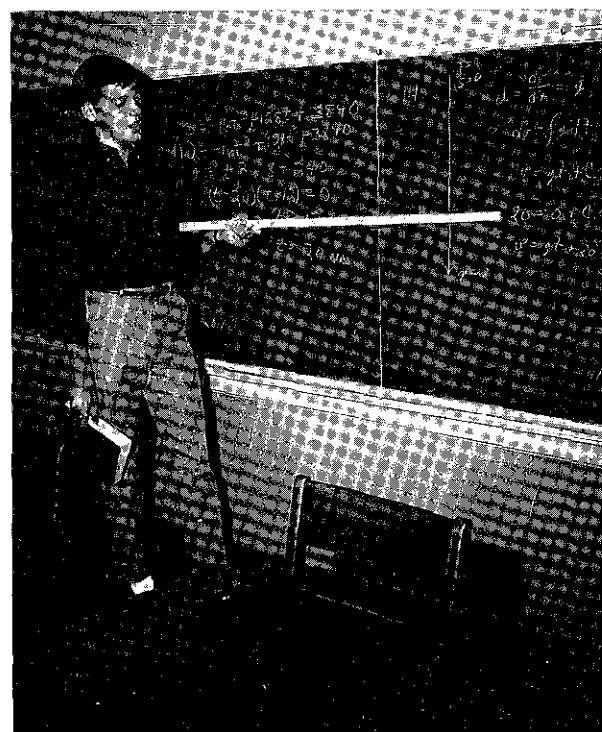

Gary Butler exhibits talent in making carbon.

Sciences Incorporate Static, Engineering, Geology

Watts going on here.

Bob Olson explains a calculus equation.

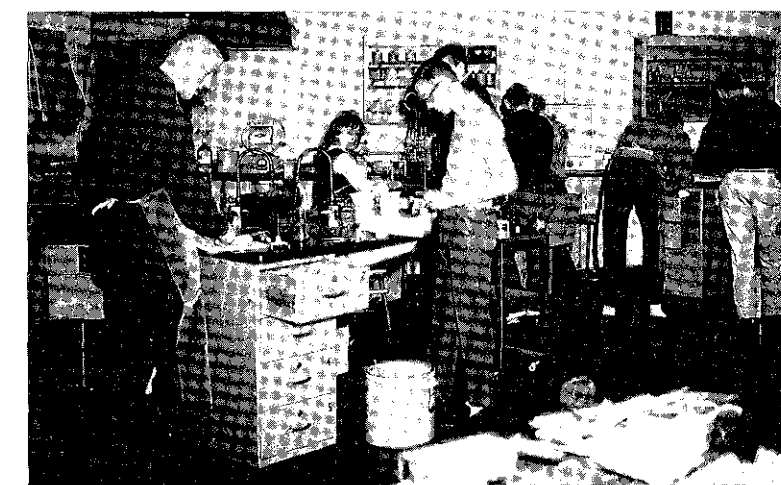

Chemistry line up with Chief Little.

"Our greatest need today is for persons of technical competence and social wisdom."
P. H. Phoenix, 1956

Physical Sciences-- Physics, chemistry, and geology are courses requiring strict discipline of the scholar's mind. They lay the foundation for professional courses in engineering, archeology, medicine, and other professional occupations. They also offer either practical or cultural knowledge to the liberal arts major.

Knowledge gained from lab confirms theories expounded in lecture.

MR. ELMER JACKSON; electrical apprentices

Night School Courses Fully Accredited

Kappa Chapter of Phi Theta Kappa, the national scholastic fraternity for junior colleges, has been a part of our school since 1926. Before a student may be pledged he must have completed a full semester's work carrying fifteen hours and maintaining 7.75 average. This is determined by assigning points as follows: A, nine points; B+, eight points; B, seven points; B-, six points; C+, five points, etc. The number of hours in a subject is multiplied by the number of points (For instance, an A in American History, five hours, would be fifty points.). For a scholastic load of 16-17 hours, a 7.5 average is required. For 18 hours or above a 7.3 average is required.

If a student has been invited to pledge and turns down the invitation, he is not invited again even though his average may warrant it, though he may ask that his record be reconsidered. A student is initiated into membership when he maintains the required grade point average for an additional nine week period. When once initiated into membership he must maintain a straight B average to remain a member in good standing. Otherwise he is put on probation for a semester. If the grade is improved in any nine weeks period he is removed from probation. If a second semester passes with no improvement, the national organization is requested to remove his name from the national roll. (Since 1940 Kappa Chapter has had to make only one such request from national.)

9. Severin, Norman

Engineer Majors Build Toward Career

ENGINEERS' CLUB **BACK ROW:** Bruce Eberle, Charles Hager, Maurice Delaney, Glenn Ewan, Mike Gallagher. **MIDDLE ROW:** Conrad Castle, Sam Wood, Mike Maloney, Milton Moore, G.E. Marion, Sponsor. **FRONT ROW:** Pete Culver, President, Bill DeVore, Audrey Morgan, Glen Anderson, Vice-President, Ronald Lathrop, Secretary-Treasurer.

Engineering majors carry extremely heavy loads and upon graduation usually have amassed more credit hours than the average student. The exacting studies of design geometry, surveying, physics, chemistry, and architectural drawing discipline the engineer's mind in preparation for professional careers in construction, design, and research.

Students Pete Culver and Bill DeVore apply principles of physics to engineering.

Mr. Marion explains the principles of engineering.

PSYCHOLOGY CLUB **BACK ROW:** M. Karol, M. Baker, D. Hull, H. Brable, S. Felt, J. Merriott, J. Mulligan, M. Cohrs. **MIDDLE ROW:** J. Wheat, G. Duty, J. Carr, P. Kneib, G. Winder, J. Beechner, A. Haynes, G. Weigel. **FRONT ROW:** D. Bauman, M. Bauman, I. Collins, W. Leak, R. Murawski, A. Heriford.

Psychology Club Bolsters Social Life at State Hospital

Patients enjoy Valentine Party presented by the Club.

Card parties are popular with the hospital patients.

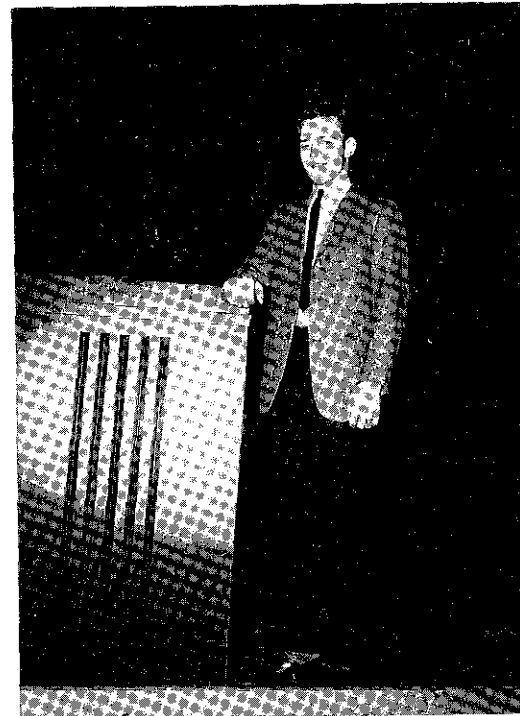

Club president, Ira Collins visits with patients. Club members serve as unique form of therapy for the lonely mentally ill.

Student Union "Grotto" Is J.C.'s

Center of Social Activity

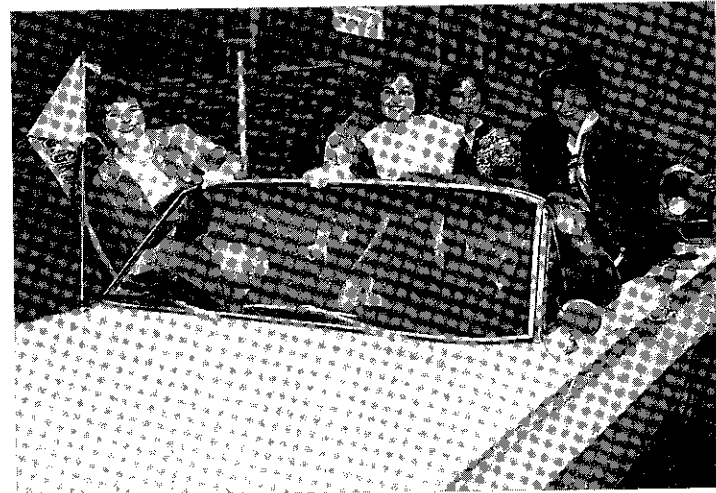

The grotto is under the Student Union Board of Control headed by Mr. Little.

Homecoming activities start while cheerleaders and band lead the walkout.

Beards Walk Out in Swiss Alps Homecoming

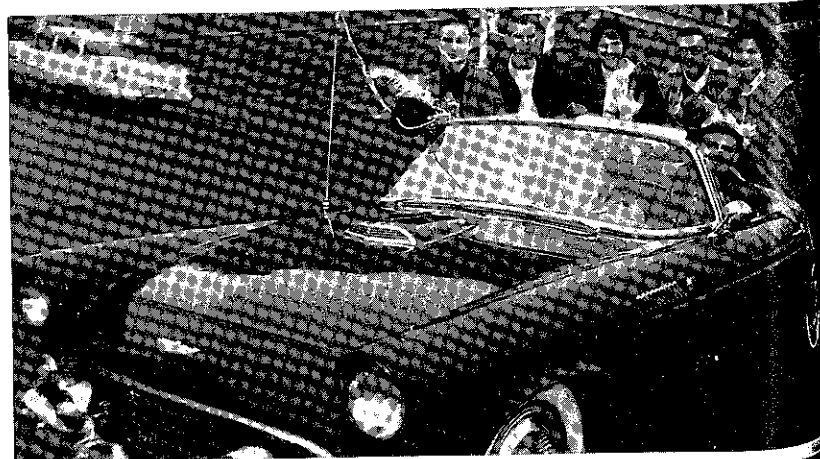

Cars of lovely ladies head J.C. "Alpine" parade.

Phil Kneib and Walt Myers: Rip Van Winkle looked this way at his homecoming, too.

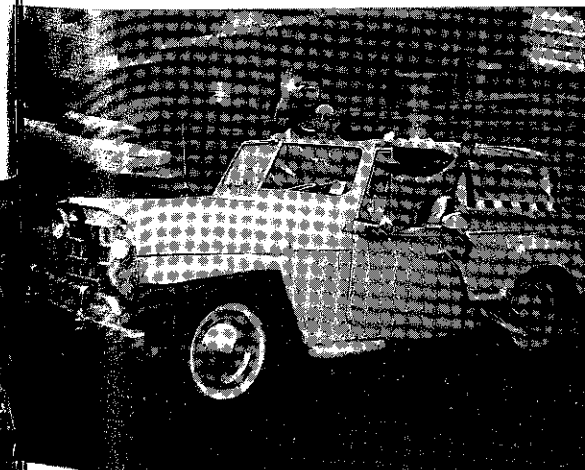

In spite of cold weather, down go the convertible tops.

Junior College students gather in front of City Hall for Pep Rally.

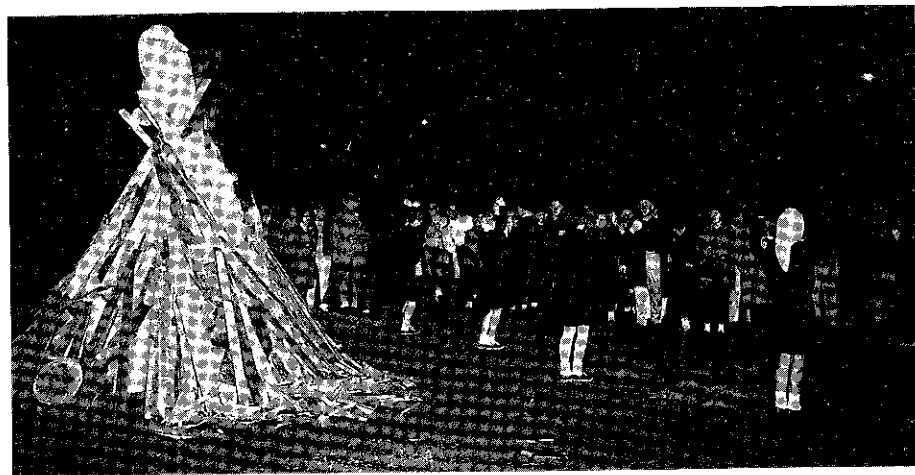

Cheers hail Queen Susie.

Even if his suspenders are falling, Student Body President, Tom Warren rings a cheer for Victory.

Victory or Bust!

"All for Griffins stand up and holler."

Enthusiasm breaks loose in snake dance.

Bonfire Sparks Victorious 70-57 Game

Our homecoming candidates.

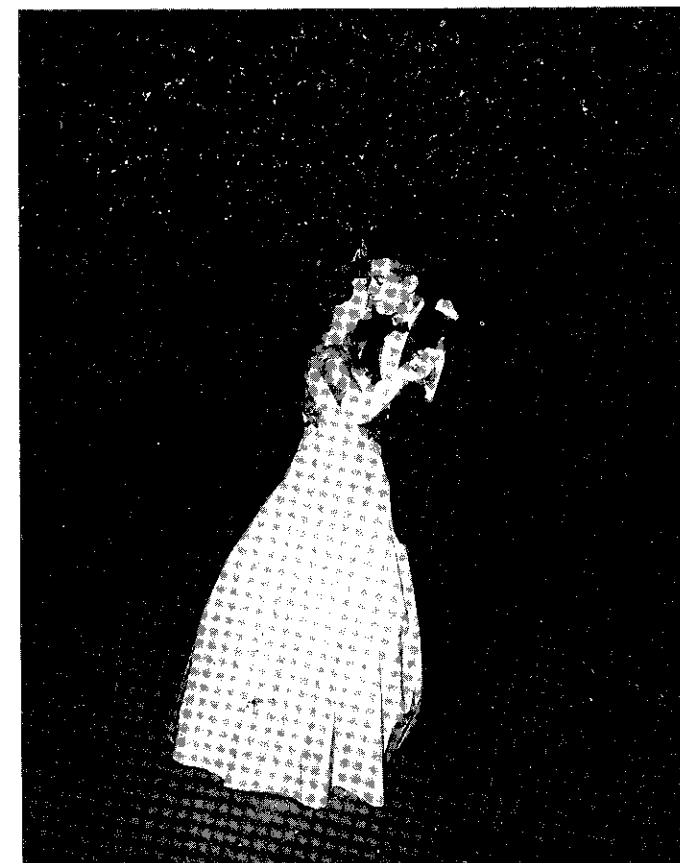

Miss Griffon 1962-63:
SUZIE JACKSON

Elaborate Coronation and Dance Honor Queen

Co-captain Fred Bell crowns Queen Suzie before the game.

Queen's Dance starts gala evening.

Student Senate Presents Annual "Ice Breaker"

Students take time out from dancing to gather in the Grotto and play cards.

Bill Anderson as Phyllis Diller. . . ?

Mermaid and fountain display theme, "Harbor Lights."

During intermission people gather to enjoy entertainment.

"Let's Twist Again."

SERVICE,
ETC.

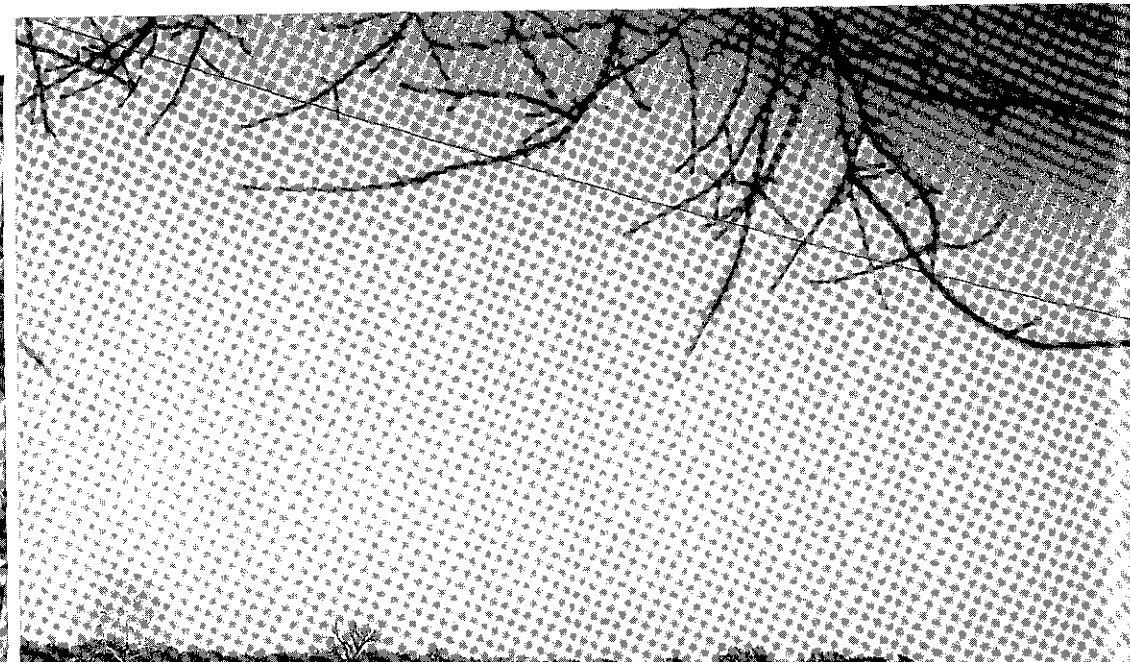

SCHOOL BOARD: Mrs. John Wyeth, Mr. D. W. Hopkins, Mr. George Blackwell, Mr. R. V. Blomfield, Mr. Dwight L. Dannen, Mr. E. F. Garvey, Mr. Fairleigh Enright, and Mrs. Paul Knepper.

On behalf of the Junior College students, the Griffon staff wishes to thank the school board for its unremitting efforts to gain for St. Joseph a four year college, full-scope institution of higher learning. A college spelled P-R-O-G-R-E-S-S, Learning spelled G-R-O-W-T-H. The picture below is the corner of 29th and Duncan Streets. Now sown with alfalfa, it has been waiting for many years, to be sown with a seed for a seat of knowledge.

J.C. Extension Into 4-Year College Gathers Momentum In '63

J. C. OFFICE HELP: Mrs. Clara Fruin, Mrs. E. R. Wallstedt.

Dedication: From St. Joseph, America to Somali, Africa

"When I look back on the processes of history, when I survey the genesis of America, I see this written over every page: that the nations are renewed from the bottom, not from the top; that the genius which springs up from the ranks of unknown men is the genius which renews the youth and energy of the people."-- Woodrow Wilson.

At the end of this school year of 1962-1963, Dean Marion-Gibbins, with his wife and daughter will depart for the continent of Africa, specifically for the Somali Republic. For his supreme dedication in searching for the summit of youth and in revivifying their energy, be they Junior College students of America or twelve to seventeen year olds of Somali, we dedicate to him the GRIFFON, record for the year. More correctly, we dedicate to him, not specifically a book, a book is but paper and ink; we dedicate the spirit that has gone into the book and is reflected in the eyes of its readers. The universal, intangible Spirit of Youth.

As the Dean aids the Somalian Ministry of Education "in implementing curriculum in the teacher training institute," we request that he offer our book and our taken-for-granted knowledge as a gift from the youth of St. Joseph, America to the youth of Somali, Africa.
